PROJECTS

1. Kredo – Payment Ecosystem Dashboard <https://www.kredo.pw/>

Created a responsive payment dashboard with **React**, **Tailwind**, and **React Router**, including transaction views and smooth user flow.

2. Piknic – Event Equipment Rental Platform <https://www.piknicuz.com/>

Built the frontend of a responsive web platform using **React**, **Redux Toolkit**, and **Tailwind CSS**. Enables users to browse and rent event furniture and equipment. Designed intuitive UI, product listings, and an integrated contact form for a seamless user experience.

3. Desserts Shop UI <https://gorgeous-kangaroo-a6b7e0.netlify.app/>

This project is a **user interface for an online dessert shop** where users can browse, select, and order various desserts.

4. Nomex Logistics Website <https://nomexlogistics.kz/>

This project is a modern **logistics and transportation company website** developed with **React** and styled using **Tailwind CSS**.
